

Ethereal Pet Memorials

About us...

A dear friend brought the sad news of the passing of his dog, Lourdes, whom we all knew and loved. At the time of her passing, I had been working with creating replicas of Italianate windows observed on the beautiful structures in Italy. I contemplated how to honor Lourdes, and conceived the idea pictured on the cover of this brochure. This memorial now overlooks her grave, and I have been blessed with the task of making memorials for the beloved pets of others.

Each memorial is lovingly handcrafted ceramic stoneware, inlaid with glass, and finished with a custom etched copper plaque. Every memorial is unique, as each is made individually.
